部分常考话题参考范文

1.Can you describe your research experience?简述一下你本科阶段的科研经历

Thanks for your question! I cherish every opportunity of scientific research training during my undergraduate life.I understand that scientific research is not a burst of inspiration,but the accumulation of failures and successes over a long period of time. Therefore, I almost spent all my winter and summer vacations to follow the tutor to learn experimental techniques, to organize data and to make reports. The systematic study and habitual summarization made me gradually feel the scientific research thinking method,which helped me lay a good foundation for my further study.

我十分珍惜本科阶段能接触到的科研训练机会，我明白科研不是一时灵感的迸发，而是长时间一次次失败与成功的积累与坚持。因此我告别寒暑假，跟随着导师学习实验技术、整理数据、汇报论文等等。系统地学习与习惯性地归纳总结让我逐渐感受到了科研思维，也为我研究生的深入学习打下了良好基础。

2.Why do you choose this tutor?为什么选择这个导师？

Thanks for your question! I occasionally saw an interview of ~professor while browsing materials in ~field.He/ she mentioned that ~, which resonated with me very much. Later, I learned more about the research of professor X and read the papers published by him/her in recent years, I admire the scientific research level of the teacher very much and am very interested in the direction of professor X's research. I wish to have the opportunity to complete my postgraduate study under the guidance of professor X.

我的意向专业是～，在浏览相关领域的资料时无意间看到了～教授的一个访谈节目/采访，其中老师提到的～让我很有共鸣。之后我进一步了解了老师的研究方向并阅读了老师近年来发表的论文，我非常崇敬老师的科研水平也对老师研究的～方向很感兴趣，希望能有机会在一教授的指导下完成我研究生阶段的学习。

3.22 题.Why do you choose us instead of the university you are in at present?你的本校也不错，为什么选择我们学校？

Thanks for your question! I do appreciate all I learnt from my undergraduate school, however, the major I choose today needs further research. So I am here right now. Standing in front of my dream school, I am desperate to get this opportunity finish my postgraduate courses in university.

我热爱我的母校，同时也非常感激四年来母校对我的栽培。如今我选择的专业要求我借助更高、

更好的平台进行深入的研究，因此今天我来到这里参加梦校的研究生复试，非常希望得到老师们的认可，让我有机会在 XX 大学完成研究生阶段的学习。谢谢老师！

There is my beloved hometown.

5. Could you tell me something about your family? 你能告诉我一些你的家庭情况吗？

There are four members in my family: my parents, my XXX and me. My father is a technician in XXX. He often goes out on business and therefore, most of the housework is done by my industrious mom. Climbing at weekends is our common interest. The fresh air and natural beauty can help us get rid of tiredness. They can strengthen our relation[^] too. During my preparing for coming here, my parents love and support have always been my power and I hope in the future I will be able to repay them.

我家有四口人：我的父母，我的 XXX 和我。我父亲是 XXX 的一名技术员。他经常出差，因此，大部分的家务都是我勤劳的妈妈做的。周末爬山是我们的共同爱好。新鲜的空气和自然美可以帮助我们摆脱疲劳。他们也能加强我们的关系。在我准备来到这里的过程中，我的父母的爱和支持一直是我的动力，我希望在未来我能够报答他们。

6. What social responsibilities should a post-graduate take? 一个研究生应该承担什么样的社会责任？

I think a post-graduate should shoulder more responsibilities than other citizens, such as forming a good scholar image for our society and working out useful research results. Thanks for your question! Undergraduate study aims at a broad understanding of a major in order to lay a solid professional foundation. We need to exercise the ability of independent learning and explore our potential and interest. On the basis of undergraduate study, we will conduct more targeted and in-depth research on sub-directions. Besides, we will have higher requirements for independent learning, communication, innovation at the same time.

我认为作为一名研究生，应该要比其它人承担更多责任，如形成了良好的学者的形象，我们的社会工作有用的研究结果。本科学习我认为是在对某一学科进行广泛的认知，并打好专业基础，逐步锻炼自

主学习的能力并发掘自身的潜力以及对某一方面的兴趣或者独到见解。在本科学习的基础上，对亚方向进行针对性的更深入的研究，同时对我们的自主学习能力、团队沟通能力、创新能力等等都有了更高的要求。

8. How do you deal with difficulties and challenges?遇到困难和挑战你会怎么办? Thanks for your question! I always choose to face all the difficulties and challenges directly, just as what my motto says: Push yourself, don't settle.I remember the biggest challenge I met in my undergraduate learning was that my tutor wished me to finish a research agreement one day before the deadline.I had no experience at all, but I stayed up all night to look for and study relevant references. Finally, I made it under the guidance of my tutor.“The other side of the dilemma is the turning point”. I have always believed it and put it into action.我会迎难而上，就像我自我介绍中提到的座右铭一样：勇往直前，永不妥协。我印象里大学期间遇到的最大的挑战是在大创申请截止日期前一天。我的老师找到我询问我是否愿意填写一份申报书。在此之前我没有任何相关经验，但我表示想要尝试。我通宵查找、阅读资料，在老师的指导下按时完成提交了材料，最后申请到了国家级的大创项目。困境的另一面是奋起的转机，我一直这样认为并付诸于行动。

9. Why do you choose this subject?为什么选择这个专业?

Thank you for your question.There are three reasons for me to choose xxx major.First of all, after studying xx knowledge at the university, I have gained a deeper understanding of xx major. Moreover, in a number of scientific research or competition experiences, I have successfully applied xxx to solve practical problems of xx, which made me more interested in xx majors/directions.Secondly,the xx major is closely related to our life,xxx (the importance of majors).Therefore, I hope that after graduation, I can engage in xx related work, and make contributions to xxx/realize my life value.Finally, xxx university has strong professional strength in xx majors, and often holds academic seminars/ lectures/exchange meetings.I can get sufficient academic exercise and broaden my horizons here. Therefore, I very much hope to go to xxx university for further study in the xx major.That's all, thank you!

谢谢你的问题。我选择 xxx 专业有三个原因。首先，通过在大学学习 xx 知识，我对 xx 专业有了更深入的了解。并且在多次的科研或比赛经历中，我成功地将 xxx 应用于解决 xx 的实际问题，这让我对 xx 专业/方向更加感兴趣。其次，xx 专业与我们的生活息息相关，xxx(专业的重要性)。因此，我希望毕业后能够从事 xx 相关的工作，为 xxx 做出贡献/实现我的人生价值。

10.Can you talk about your learning methods?谈谈你平时的学习方法

Thanks for your question! Interest is the best teacher. I love medicine from the bottom of my heart. so I am full of joy in every learning process. I would flip through the textbooks over and over again, and every time I read, I was satisfied that I had discovered something new. What's more, I cherish every opportunity to practice, and I will also read the articles to expand my knowledge border, so as to establish a relatively complete knowledge framework.

我一直认为兴趣是最好的老师，选择医学是我发自内心的热爱，因此在每次的学习过程中我都充满快乐。我会反复地翻看课本，课前、课中、课后，每一次阅读我都为自己发现新的小细节而感到满足。不仅如此，我珍惜每一次实践观摩的机会，也会查阅文献去拓展自己的知识储备，从而建立一个比较完整的知识框架。

11.What impressed you most when you were at university?你在大学时印象最深的是什么？

XXX University is the oldest one in the province. It was founded in XXX and covers an area of over XXX. The building area is XXX square meters. It develops into a comprehensive university with efforts of generations, especially after the reform and opening up. It takes the lead among the XXX universities with excellent teaching and scientific research ability. The library has the storage of XXX books and various research institutes are set up including XXX research centers. There are teaching research experimental bases. For example, the computer center^ analyzing-test center^ modern education technical center and so on.

Remember that practice makes perfect!

12.What's your greatest strength?你觉得你最大的优点是什么？

Thanks for your question! To be honest, I do appreciate my perseverance. Hard work is such a common thing for medicine learning, especially during the pandemic when we have to receive online classes. Studying at home without any supervision me and even focus on studying itself better, Thanks to my perseverance, I persevered and it gave me more confidence to face the difficulties and challenges in the future.

我认为我做最大的优点是有毅力。对学医而言，持之以恒地刻苦钻研是家常便饭，我认为我坚持得还不错，尤其在 yq 期间，为了安全起见，我们使用了在家线上投课的形式。失去了学校的监督和学习氛围，更要求我静下心来耐住寂寞去努力。我的毅力和坚持让我在这段经历中得到成长同时也给了我更多的信心去面对未来的困难与挑战。

13.What's your drawback/weakness?你有什么缺点吗？

Thanks for your question! I feel confused occasionally during the research training process in my undergraduate studying, I didn't know where to start because the project and the competition I participated in had such a wide range. So I looked for a lot of literature to read, however, I understood now that I should set a target first then I just focused on its in-depth study instead of meaningless scanning of articles. I hope that I can get tutor's guidelines in my postgraduate learning, to help me specify the direction of my further research and make a difference.

我有时候会感觉比较迷茫。在本科阶段的科研训练过程中，我接触项目和竞赛涉及面很广。我不知道应该从哪里着手，大量查找了很多文献。后来才知道我应该有针对性地有条理地针对一个点深入学习而不是广撒网对众多问题浅尝辄止。希望在研究生的学习阶段能获得导师的指点，为我指明方向，找到适合我的研究领域并有所建树。

14. What is your plan ?你的规划是什么？

Thanks for your question! I applied for a master's degree. There is a chance to transfer to a Ph.D in the second year of my postgraduate study, so I will divide my next five years into two phases. In the first two years. I will study my courses well in order to meet the requirements for transfer to Ph.D, Meanwhile, I will read articles, practice experimental skills and cultivate scientific research thoughts. Later, determine my research direction and start writing articles under the guidance of my tutor. If I can successfully transfer to Ph.D, I will concentrate on scientific research training and look forward to making some achievements with the help of my tutor and seniors.

我的意向学位是学硕，据我了解在研二下学期有一次转博机会，因此我将我未来五年分为两个阶段。入学前两年我将扎实学好专业课以达到转博的成绩要求，同时阅读文献、学习实验技术以及科研思路，在导师指导下确定自己的研究方向并开始撰写论文；如果能够顺利转博，接下来的三年我将专心投入科研训练，期待能够在导师和前辈们的带领下做出一些成绩。

15. What are your expectations for your research?对研究成果的期望是什么？

Thanks for your question! I suppose that my research experience is not rich enough at present, let alone talking about the output of scientific research achievement. I believe that my current vision and experience may not be enough to support me to answer this question. But I will bring this question to my postgraduate study, hoping that through professional scientific research training and the guidance of my tutor, i can gradually form my own expectations.

如您所见，我的科研经历并不是非常丰富，更别说成果的产出了。我认为以我现阶段的眼界和

经历可能不足以支撑我回答这个问题。但我会带着这个问题到我的研究生学习中去，希望通过专业的科研训练和导师的引导，我能慢慢找到值得期望的研究成果的框架和目标，并为之努力。

16.17 题.Can you say something about your interests?你有什么兴趣爱好吗?

Thanks for your question! I go swimming with my roommate every week. At first, it was just for exercise. Later, it became an important part of my life and I gradually fell in love with sports. I went to the gym, ran on the playground, and played tennis with my friends. To be with friends always helps me get rid of pressure. I sleep very well after working out, no matter what kind of difficulties I encounter, I can be full of energy the next day!

我每周都和室友一起去游泳，最开始只是为了锻炼身体、后来养成习惯了慢慢喜欢上了运动，和朋友约着去健身房、跑步、打网球，虽然不是特别精通但是和朋友一起非常解压，尤其是筋疲力尽之后我总是睡地很好，不管遇到什么样的困难第二天都能元气满满！

18. What kind of responsibility do you take in your team?你在团队中一般扮演什么样的角色?

Thanks for your question. I am an all-rounder! My teamwork experience has been very rich in the past 4 years. I have participate in many competitions and activities, as well as presentations and PBL courses. The number of times of the role played as the leader or a member in the team is basically the same. Whether I was a leader or a member. took seriously with the, same attitude, to discuss with my teammates, complete all tasks in a planned way, and live up to the tutor's expectations.

我是全能型选手！这四年来我的团队合作经历非常丰富，我参加了不少竞赛和活动，还有课堂的小组汇报和 PBL 课程。我担任组长和组员的次数基本齐平。无论是担任组长还是组员，我都以同样的态度认真对待，和队友们共同讨论，有计划地完成所有任务，不辜负老师对我们的期待。

19. How do you make a balance of your university life?如何平衡学习科研和生活?

Thanks for your question! The first task for students is to study. As medical students, we are basically filled with classes every day. Although it was hard work. I never thought it was a burden. I always felt that I was getting closer and closer to my dream. In terms of scientific research. I am very grateful to my tutor for direct guidance, allowing me to avoid detours and complete experiments and data processing efficiently, So even with my study targets and research work, I still have free time to participate activities and enjoy my hobbies. Staying focused and being efficient while working, enjoying my life in leisure time is my way to make a balance.

对学生而言首要任务是学习，作为医学生我们基本上每天都是满课，有时候周末还会安排实验课。虽然辛苦，但我从来不认为这是负担，总觉得自己离梦想越来越近。科研方面非常感谢我的指导老师总是给我很好的引导，让我少走弯路，高效地完成实验和数据处理。因此即使有着学习目标和科研工作，我依旧有空闲分配给课外活动和我的兴趣爱好。专注学习、高效科研、快乐生活，大概就是我平衡的方式和态度。

20. What are your strengths in scientific research?你有什么做科研的优势？

Thanks for your question! I suppose it is my character to be courageous and innovative. I remember that in my junior year when my tutor wished me to finish a research agreement one day before the deadline. I had no experience at all, but I stayed up all night to look for and study relevant references. Finally, I made it under the guidance of my tutor "The other side of the dilemma is the turning point", I have always believed it and put it into action.

大概是勇于创新迎难而上的性格。我大三那一年，我的老师找到我询问我是不愿意填写一份大创申报书，那时距离申请截止日期只有一天了，在此之前我没有任何相关经验，但我表示想要尝试。我通宵查找、阅读资料，在老师的指导下按时完成提交了材料，最后申请到了国家级的大创项目。困境的另一面是奋起的转机，我一直这样认为并付诸于行动。

22. What difficulties do you think you'll encounter in your studies?你认为你在学习会遇到什么困难？

Learning will encounter a lot of difficulties, such as: do not want to learn, lectures do not concentrate, remember, can not understand the use, do not come to the question and so on. Efficient learning to learn to comb their own learning situation, find out the problem, the most need to improve or the weakest place; Secondly, sort out the available time, make time schedule, with every day as the unit; Reasonable allocation of study, review time, targeted to develop a study plan, one by one to conquer.

学习中会遇到的困难是很多的，比如：不想学习、听课不专心、记不住、不能理解运用、做不来题等等。高效的学习要学会梳理自身学习情况，找出问题所在、最需要提高或最薄弱的地方；其次整理出可利用的时间，做出时间安排表，以每一天为单位；合理分配学习、复习时间，有针对性地制定学习计划，逐一攻克。

24. Should you study more theory or do more practice? Give your reasons, please. 你应该多学理论还是做实践？请给出你的理由

Both are important, and combined the theory and practice can more comprehensive master knowledge, left the theory and practice, it can only be an armchair strategist If must be a balance between the two, I personally think that can learn theoretical knowledge on the basis of practice, only cultivating practice ability, to accumulate experience, to the theoretical knowledge are easier to understand.

两者都重要，理论和实践相结合能更全面掌握所学知识，理论离开了实践，那也只能是纸上谈兵。如果一定要在两者之间衡一个，那我个人认为可以在实践的基础上学习理论知识，只有多培养实践能力，才能累积经验，才能对理论知识更容易理解、掌握。

25.Can you list some literature databases?常用文献数据库有哪些？

Thanks for your question! I often prefer Chinese literature as the reference of my homework. My commonly used Chinese databases include CNKI, Wanfang and VIP. As for PBL courses, laboratory group reports and daily literature reading, I refer more to English literature. For reference to foreign literature, the most used databases for me are Pubmed, Scopus and ClinicalKey.

我在完成课后作业的过程中会更多参考中文文献，一般常用的中文数据库有知网、万方还有维普；在 PBL 课程、实验室组会汇报以及日常文献阅读的时候我会更多参考外文文献，用的比较多的数据库有 Pubmed、Scopus 和 ClinicalKey。

26.Why do you choose this tutor?为什么选择这个导师？

Later, I learned more about the research of professor X and read the papers published by him/her in recent years, I admire the scientific research level of the teacher very much and am very interested in the direction of professor X's research. I wish to have the opportunity to complete my postgraduate study under the guidance of professor X.

我的意向专业是~，在浏览相关领域的资料时无意间看到了~教授的一个访谈节目/采访，其中老师提到的~让我很有共鸣。之后我进一步了解了老师的研究方向并阅读了老师近年来发表的论文，我非常崇敬老师的科研水平也对老师研究的~方向很感兴趣，希望能有机会在~教授的指导下完成我研究生阶段的学习。

27.How do you judge academic misconduct?如何看待学术不端？

Thanks, for your question! Truth-seeking and exploration are the cornerstones of scientific research.

Academic misconduct.behavior not only causes a waste of scientific research funds but also affects the atmosphere of the team.It may even have a negative impact on society and weaken the public's trust in scientific research,which may affect the overall development of scientific research and innovation.

我认为求真和探索是科研的基石，钻研旁门左道虚度光阴为人不齿。学术不端这种极其恶劣的行为不仅造成了科研经费的浪费，并且会影响团队的风气。严重的学术造假行为甚至会对社会产生负面影响，并削弱群众对于科研的认可与信任，进而可能影响科研创新的整体发展。

28.How is your literature reading ability?你的文献阅读情况怎么样？

Thanks for your question! I have insisted on reading literature every week and report what I learn in the group meeting since my sophomore year. I always write down professional terms and good expressions. In addition, I will focus on analyzing the researching methods and innovations in each article. Moreover, under the guidance of my tutor, I understand the drawback of the experiment and further research ideas. After developing the habit, reading literature has become a part of my life, allowing me to learn about frontiers beyond my courses while also improving my academic English ability.

自从大二进入实验室，我坚持每周精读一篇高分文献，并在组会中进行文献汇报。在阅读和汇报的过程中我会记下专业术语以及好的写作表达，此外我着重分析每篇文章中的研究方法与创新点，更在导师的指导下了解实验的不足之处以及进一步研究的思路。养成习惯后阅读文献成为了我生活中的一部分，让我在提高学术英语能力的同时也了解到许多专业课之外的科研前沿。

29.How much do you know about the research direction of your target major?你对目标专业的研究方向了解多少？

Thank you for your question. I learned that there are xx and xx major research directions in xx major in xx university. I have a good understanding of xx direction, and I hope to go to this direction for further study. First of all, xxx methods are mainly used in the xx direction to study the content of xx and apply it to the fields of xx and xx, which has the meaning of xx. As far as I know, the current cutting-edge research in this direction mainly focuses on xxx and other aspects.Secondly, I have read the article "xx" by professor xx in xx university.The article mainly discusses the content of xx, which gives me a more intuitive understanding of the direction of xx. It turns out that xxx.Finally, xx university has strong strength in the direction of xxx, gathers top talents in xx majors, has xxx key laboratories and xx achievements. I hope that I can get sufficient academic training and broaden my horizons her.

谢谢你的问题。我了解到 xx 大学 xx 专业有 xx 和 xx 专业的研究方向。我对 xx 方向有很好的了

解，我希望能去这个方向继续深造。首先，xxx方法主要用于xx方向，研究xx的内容，并将其应用到xx和xx领域，具有xx的意义。据我所知，目前这个方向的前沿研究主要集中在xxx等方面。其次，我读过xx大学xx教授的文章《xx》。文章主要讨论了xx的内容，让我对xx的方向有了更直观的了解。事实证明xxx。最后，xx大学在xxx方向有较强的实力，在xx专业聚集了顶尖人才，有xxx个重点实验室，xx个成果。我希望她能让我得到足够的学术训练，开阔我的视野。

30.What is the most unforgettable thing in college?大学最难忘的一件事是什么？

Thanks for your question, professors. The most unforgettable thing for me is a speech I gave when I first entered the university. I don't remember the topic, but it was the first time I spoke in front of a crowd. I was nervous, but I encouraged myself to take the step. Finally, I overcame myself and found confidence. This laid a foundation for me to pursue my dream bravely and confidently in my later college life. I am very thankful that this experience has given me confidence and courage. Thanks for listening.

谢谢你的问题，教授们。最让我难忘的是我刚进入大学时的一次演讲。我不记得主题了，但那是我第一次在人群面前演讲。我很紧张，但我鼓励自己迈出这一步。最后，我战胜了自己，找回了自信。这为我在以后的大学生活中勇敢自信地追求自己的梦想奠定了基础。我非常感谢这段经历给了我信心和勇气。

1. 自我介绍 (self-introduction)

Good morning, my dear professors. It's my pleasure to be given a chance for your interview. My name is XXX, I am XXX years old. I come from XXX, a very beautiful city. My undergraduate period will be accomplished in XXX university in July, ~2009, and I am striving for obtaining a key to your prestigious university.

In the past two years I have been preparing for the postgraduate examination for it has been my dream to be a postgraduate. I am open-minded, quick in thought and very fond of XXX. In my spare time, I have
